

FIBRA®

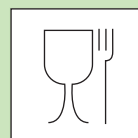

Ease, in a box. One sheet at a time.

Work flows better when the small things just work. When routine tasks flow smoothly, there's more time to focus on what matters.

Fibra® multipurpose nonwoven cloths are designed for demanding environments – from professional kitchens to industry and retail. The compact box keeps cloths within reach, while the smart Z-fold lets you pull one sheet at a time, leaving your other hand free.

Less waste. More control. Better results.
Made in Finland – the professional's choice.

Fibra®

Versatile and food-safe nonwoven cloth for professionals' daily use. The combination of polyester and viscose makes the cloth durable, hygienic and quick-drying.

Bio Fibra®

Food-safe nonwoven cloth made from 100% viscose and biodegradable. Excellent absorbency and bio-based fibre make it an effective and environmentally conscious solution for professionals.

Basic is a standard-size cloth for versatile everyday use.

Classic is a generously sized cloth that also fits a floor squeegee.
